

Dear Mr.Dalil,

I have read Your circular and I want to tell You that I disagree with You and let me explain why.

You wrote *"Truth-seekers" allegedly are trying to unmask the FIAS President Mr. Shestakov. Four years ago in the election the same people unanimously supported his candidacy to the post of FIAS President"*.

I have guesses whom You are calling "truth-seekers". I am sure that time to unmask Shestakov has come. Moreover, it was necessary to unmask him at least 2 years ago.

Speaking that those truth-seekers unanimously supported Shestakov don't You want to know the prehistory of this support? I can tell You. So, in October those "truth-seekers" were invited by Shestakov. These "truth-seekers" were begged by Shestakov to make all members of the FIAS to give all votes for him. And, of course, Shestakov promised a lot. Do You know a Russian expression that "men usually lie before having sex, before elections and after fishing"? If You do not know this I kindly recommend to note this expression.

Advocating Shestakov You wrote *"In fact, during the present leadership of Sambo received a strong impetus to the development. This applies to various aspects of the FIAS activity, its recognition by many international sports organizations"*.

Oh, please! Mr.Dalil do not lie at least to Yourself! What kind of recognition? Sport-Accord? Combat SAMBO is out, FIAS is facing suspension of its membership on the 31 of March 2013 because of situation related to the WADA requirements. You know that SAMBO joined Sport-Accord before Shestakov's election, SAMBO was included in Beijing's Sport-Accord program before Shestakov became President of FIAS.

TAFISA? The same story, it was arranged before Shestakov's presidential period. What else? Universiade 2013? Mr.Dalil, You know very well that all these achievements were reached before Shestakov.

I can tell about one very well known "ACHIEVEMENT" of Shestakov. Shestakov's application to the IOC (I am intentionally saying "Shestakov's application" because members of the Executive Board of FIAS including Yourself Mr.Dalil Scalli did not discuss this document) which consisted of 87 A 4 paper sheets of web-site prints is money laundry and cashing out as well. And for this was paid amount of 1 million USDollars.

It seems to me Mr.Dalil that You were instructed to send such kind of circular, sorry to say such kind of unpleasant thing.

What kind of reconciliation are talking about???? What kind of round table and negotiations???? First of all Shestakov has to answer to all questions occurred during the past a few years. He has to tell the truth about FIAS funds, his application to the IOC, about violation of the Statute of FIAS committed by him and his cronies. What about Pan-American Federation? What about two illegal attempts in Asia? What would You have done if it had happened in African SAMBO Confederation? Mr. Dalil to be frank with You the role of peacekeeper does not become You. Shestakov violated the Statute of FIAS and he uses dirty schemes with money. SAMBO community has to have a will to realize what has been happening in FIAS since November 2009, "Otherwise, we are doomed to drag on our gray existence and be a sport for the plebeians" as You predicted, Mr.Dalil.

Best Regards,

Azamat Fayziev
